

BIOGENA moments - beauty bliss

Your Rise x Shine Prestige Moment

Embark on an inspiring journey into the world of sensuality and beauty with the beguiling scent of jasmine and bergamot and the fascinating magenta shimmering color of beauty bliss. Let yourself be seduced by extracts from the Far Eastern wonder root ginseng and the superfood açai, known for its high content of anthocyanins, antioxidants that are also responsible for the berry's intoxicating deep purple color. To maintain beautiful skin lures vitamin B7, biotin, which is contained in an amount of 100% of the recommended daily dose per can. A special feature in beauty bliss is the branded raw material Greeniuronic®, which contributes hyaluronic acid from the silver ear, Tremella fuciformis. Hyaluronic acid has the unique ability to bind enormous amounts of water. It thus also binds moisture in the connective tissue of the skin. And in beauty bliss, it also provides a wonderfully full and velvety mouthfeel!

With a full, lovely floral taste, beauty bliss is sugar-free and contains a slim 17 kcal per can: another special message that will make your glow shine!

Good to know:

- ∞ Experience your Rise x Shine prestige moment with hyaluronic acid, açai and biotin to support your glow.
- ∞ The rosy beauty bliss owes its color exclusively to naturally coloring plant extracts.
- ∞ BIOGENA Inside
