

Basogena® 5e Basenpulver

For the daily supply of valuable base compounds

The acid-base balance

A balanced acid-base balance provides the basis for all processes in the body to run optimally and to maintain performance and vitality for a long time. Our modern times - changed environmental conditions, a comfortable lifestyle and an unbalanced diet - are rather acidic. A base powder with suitable mineral compounds ensures that additional bases are supplied to the body.

Biogena Basogena® 5e

Biogena Basogena® 5e contains selected base-forming mineral compounds for targeted short-term use or regular supplementation. Energized by homeodynamic manufacture.

Possible applications

- For the regular or targeted short-term supply of bases

Bioavailable micronutrients in a pure form

- Only active ingredients
- Free of additives
- No colouring agents, artificial flavourings or coating substances
- Gluten-free
- Lactose-free
- Fructose-free
- Hypoallergenic
- 100 % vegan
- Quality tested
