

# L-Arginin 600

## L-arginine of the highest purity and quality (Kyowa Quality®)

### L-arginine: A conditionally essential amino acid

L-arginine is a conditionally essential amino acid for human beings, which was first described in 1886. The name is derived from the Latin word argentum (silver) because L-arginine was first isolated as a silver-salt. Together with L-lysine and L-histidine, arginine belongs to the group of basic amino acids and can mainly be found in a bound form in food. In addition to walnuts, peanuts and pumpkin seeds, pine nuts are a particularly good food source of L-arginine, containing up to 5300 mg arginine per 100 g of nuts. A varied mixture of seeds, nuts and kernels can make a significant contribution to the daily arginine intake. Meat, milk and wholegrain products, however, contain lower concentrations of this conditionally essential amino acid. Biogena L-Arginin 600 contains arginine in its bioidentical L-form and is therefore an ideal source for its additional intake aside from our daily diet and the body's own synthesis. The Kyowa Quality® seal of quality from the brand manufacturer Kyowa further guarantees a production of raw material in accordance with the highest quality and purity criteria.

### L-Arginin 600

- Contains the amino acid arginine in the bioidentical L-form
- Guarantees L-arginine of the highest purity and quality (Kyowa Quality®)

### Possible uses:

- For a targeted intake of the amino acid L-arginine

### Bioavailable micronutrients in a pure form

- According to the pure substance principle
- Free of additives
- Without colours, flavours or glazing agents
- Gluten-free
- Lactose-free
- Fructose-free
- Hypoallergenic
- 100 % vegetarian
- Vegetable capsule shell
- Quality tested

INGREDIENTS per daily dose	4 capsules	% NRV*
L-arginine	2.4 g	-

\* % OF NUTRIENT REFERENCE VALUES IN ACCORDANCE WITH EU REGULATION 1169/2011.

## INGREDIENTS

L-arginine, bulking agent: powdered cellulose, hydroxypropyl methyl cellulose (capsule shell).

## RECOMMENDED DOSAGE

2 x 2 capsules daily taken with plenty of liquid.

## NOTE

Food supplement in accordance with EU Directive 2002/46/EC

## PACKAGE SIZE AND CONTENT

180 capsules (1,5 month supply), 128 g

Food supplement: The recommended daily dosage should not be exceeded. Not a substitute for a varied, well-balanced diet and a healthy lifestyle. Store in a dark, dry place at room temperature. Protect from heat. Keep out of reach of children. Suitable for diabetics. The information provided here is not a statement on healing or a recommendation to self-medicate. Subject to print or typographical errors. Version 09.10.2018.
