

MSM Formula

With the body's own sulphur compound MSM

A natural substance

MSM, also known as methylsulfonylmethane, is a natural sulfur-containing substance that we encounter both in the human body and in food. Plants, eggs, meat and dairy products provide small amounts of this natural substance. Special dietary supplements can be used to supply the body with increased amounts of the sulphur-containing substance.

MSM Formula: Pure quality MSM

MSM Formula contains concentrated amounts of MSM, a natural sulphur-containing substance. The MSM it contains (OptiMSM®) is characterized by its special quality. The innovative 4-phase distillation process guarantees the highest purity of MSM.

Possible uses:

- To increase the oral intake of the endogenous sulphur substance MSM

Bioavailable micronutrients in pure form

- Pure substance principle
- Without colorants and flavorings
- Gluten-free
- Lactose-free
- Fructose-free
- Hypoallergenic
- Vegetable capsule shell
- 100 % vegan
- Tested quality
