

Biogena Minis - Ashwagandha Formula

For relaxation and inner balance

Traditional Ayurveda meets modern science

Ashwagandha has a long history as one of the most precious plants in the ayurvedic tradition and has long been known for its "adaptogenic" properties. "Adaptogenic" is a term for plant-based extracts and preparations that help the organism stay calm in our stressful daily lives. In times of constant stress caused by work, time pressure and the pressure to perform, personal wellbeing and conscious breaks for relaxing and regenerating are often neglected, straining us mentally. Biogena Ashwagandha Formular with extract of ashwagandha and the micronutrients magnesium and vitamin B6, which play an essential role for the nervous system can provide our body with a respite and help support our inner balance.

Ashwagandha Formula:

- Contains ashwagandha root (*Withania somnifera*) extract combined with magnesium and vitamin B6
- Ashwagandha is a plant-based adaptogenic that contributes to physical and mental wellbeing in times of elevated stress
- Magnesium and vitamin B6 support the functioning of nerves and psyche
- Vitamin B6 contributes to normal functioning of the immune system

Possible applications:

- Practical trial size
- Small gift for family & friends
- For relaxation and inner balance in times of increased stress
- To support the nerves and the psyche

Bioavailable micronutrients in a pure form

- Produced according to the pure substance principle
- No colouring agents or artificial flavourings
- Gluten-free
- Lactose-free
- Hypoallergenic
- Vegetable capsule shell
- 100 % vegan
- Quality tested
