

BIOGENA minis - Omni Lactis® 20 Gold

Little helpers: Bacterial cultures for a good "gut feeling"

Our intestines are a hive of activity: The intestinal flora, also called the microbiome, colonises it. While there are relatively few bacteria in the small intestine, the large intestine is overgrown with a dense bacterial lawn. Around 100,000 billion germs from more than 400 different species together make up the intestinal flora, which weighs over 1 kilogram. Lactobacteria and bifidobacteria are particularly abundant.

The diverse tasks of the microbiome are the focus of much research. Our intestinal bacteria are jointly responsible for the optimal functioning of digestive functions and the defence against foreign substances. Due to their diverse functions, the intestine benefits from a wide range of different bacterial strains. Modern research has shown that these support each other in their function.

With 20 billion reproducible bacteria per daily dose from 10 different, scientifically studied bacterial strains, Omni Lactis® 20 Gold contributes to a diverse colonisation pattern in the intestine. The highly concentrated bacteria colonise the intestine and thus specifically support well-being.

Omni Lactis® 20 Gold - for a good "gut feeling" at all times.

Omni Lactis® 20 Gold

- Multi-strain preparation with 10 scientifically tested bacterial strains from NordBiotic™
- In patented DRcaps™ (Delayed Release) for safe gastric passage and protection of bacteria from stomach acid
- With the natural dietary fibre inulin (Fibruline® DS2) from chicory root

Possible applications:

- Practical trial size
- Small gift for family & friends
- For the targeted supply of a high concentration of lactic acid bacteria cultures

Bioavailable micronutrients in a pure form

- According to the pure substance principle
- Without colours and flavours
- Gluten-free
- Lactose-free
- Hypoallergenic
- Vegetable capsule shell
- 100 % vegan
- Quality tested

INGREDIENTS per daily dose	2 capsules	% NRV*
Lactobacilli and bifidobacteria powder	625 mg	-
Inulin (Fibruline®DS2)	340 mg	-

* % OF NUTRIENT REFERENCE VALUES IN ACCORDANCE WITH EU REGULATION 1169/2011.

INGREDIENTS

Lactobacilli and bifidobacteria powder***, inulin from the chicory root, capsule shell (hydroxypropyl methyl cellulose, gelling agent: gellan gum).

RECOMMENDED DOSAGE

2 x 1 capsule daily to be taken approx. 30 minutes before a meal with plenty of liquid.

NOTE

Food supplement in accordance with EU Directive 2002/46/EC

ADDITIONAL NOTE

With a total of 20 billion CFU (colony-forming units) per daily dose of the strains *Lactobacillus rhamnosus* (LR110 NordBiotic™), *Bifidobacterium animalis* ssp. *lactis* (BI040 NordBiotic™), *Bifidobacterium breve* (BB010 NordBiotic™), *Lactobacillus paracasei* (LPC100 NordBiotic™), *Lactobacillus acidophilus* (LA120 NordBiotic™), *Lactobacillus casei* (LC130 NordBiotic™), *Lactobacillus plantarum* (LP140 NordBiotic™), *Streptococcus thermophilus* (ST250 NordBiotic™), *Bifidobacterium longum* (BL020 NordBiotic™), *Bifidobacterium bifidum* (BF030 NordBiotic™).

PACKAGE SIZE AND CONTENT

10 capsules, 5,5 g

Food supplement: The recommended daily dosage should not be exceeded. Not a substitute for a balanced and varied diet and a healthy lifestyle. Store in a dark, dry place at room temperature. Protect from heat. Keep out of reach of children. Suitable for diabetics. The information provided here is not a statement on healing or a recommendation to self-medicate.
