

NitroStress® Formula II

NitroStress® Formula II - natural for nitrosative and oxidative stress

Nitric oxide (also called NO) is a substance produced by the body which plays a decisive role in numerous processes in the body.

Various factors can trigger an excessive production of NO and thus lead to an imbalance in the nitrosative metabolism. This imbalance is intensified by the simultaneous occurrence of oxygen radicals in the form of oxidative stress. Normally, the cells of the body have various regulatory systems that counteract these substances. The amino acids L-cysteine, glycine and L-glutamine are the building blocks of the body's own L-glutathione, which plays a central role in antioxidative systems. Vitamins C and E as well as the trace element selenium help to protect the cells from oxidative stress.

Biogena NitroStress® Formula II is a sophisticated combination preparation that combines glutathione precursors, alpha lipoic acid, the coenzyme 10 active form Ubiquinol (KANEKA Ubiquinol™) and taurine with other selected micronutrients. NitroStress® Formula II is optimized by the combined use of NitroStress® Formula I.

NitroStress® Formula II

- Vitamin C, vitamin E and selenium help protect cells from oxidative stress.
- L-cysteine, glycine and L-glutamine (Kyowa Quality®) are the building blocks for the body's own L-glutathione.
- With the coenzyme 10 active form Ubiquinol (KANEKA Ubiquinol™), alpha lipoic acid and taurine

Possible applications:

- To protect the cells from oxidative stress
- To maintain the balance of nitrosative metabolism
- For the targeted supply of valuable micronutrients in cases of nitrosative and oxidative stress

Bioavailable micronutrients in a pure form

- According to the pure substance principle
- Without colours, flavours or glazing agents
- Gluten-free
- Lactose-free
- Fructose-free
- Vegetable capsule shell
- Quality tested

BIOGENA
WELCOME TO YOURSELF

INGREDIENTS per daily dose	1 Capsule	% NRV*
Vitamin C	75 mg	94
Vitamin E (mg alpha-TE)	30 mg	250
Selenium	100 µg	182
L-cysteine	45 mg	-
Glycine	45 mg	-
L-glutamine	45 mg	-
Taurine	190 mg	-
R-alpha lipoic acid	100 mg	-
Ubiquinol (KANEKA UBIQUINOL™)	10 mg	-

* % OF NUTRIENT REFERENCE VALUES IN ACCORDANCE WITH EU REGULATION 1169/2011.

INGREDIENTS

Taurine, alpha lipoic acid, hydroxypropyl methyl cellulose (capsule shell), calcium-L-ascorbate, L-cysteine hydrochloride, D-alpha tocopheryl acetate, bulking agent: powdered cellulose, glycine, L-glutamine, ubiquinol (contains **soybean**), sodium selenite.

RECOMMENDED DOSAGE

1 capsule daily taken with plenty of liquid.

NOTE

Food supplement in accordance with EU Directive 2002/46/EC

IMPORTANT NOTICE

Not suitable under the age of 7.

ADDITIONAL NOTE

Contains L-glutamine of the highest purity and quality (Kyowa Quality®).

PACKAGE SIZE AND CONTENT

60 capsules (2 month supply), 47 g

Food supplement: The recommended daily dosage should not be exceeded. Not a substitute for a balanced and varied diet and a healthy lifestyle. Store in a dark, dry place at room temperature. Protect from heat. Keep out of reach of children. Suitable for diabetics. The information provided here is not a statement on healing or a recommendation to self-medicate.
