

OrthoDoxx®

Micronutrients and plant extracts

Antioxidative network keeps free radicals in check

Every day our body has to cope with different oxidative metabolic products and adverse environmental conditions. The body has an antioxidative network at its disposal to be able to neutralise these undesired substances. For optimal efficiency, this systems requires different antioxidative micronutrients that can work together synergistically.

Biogena OrthoDoxx®: Helps protect cells against oxidative stress

OrthoDoxx® from Biogena is a vital substance complex with various selected plant substances and micronutrients. Zinc, selenium, copper and vitamin B2 protect the cells against oxidative stress.

Possible uses:

- Supports the neutralisation of free radicals

Bioavailable micronutrients in a pure form:

- Only active ingredients
- Free of additives
- Without colours, flavours or glazing agents
- Gluten-free
- Lactose-free
- Hypoallergenic
- Vegetable capsule shell
- 100 % vegan
- Quality tested
