

# Zinkcreme

## For smooth, resistant skin

### Do something good for the problem areas of your skin – with the Zinkcreme from Biogena

Every skin type has areas that are particularly under stress every now and then. Wind and weather, dry air in a heated room, or strong sunlight can make areas of the skin rough and cracked. Biogena Zinkcreme is particularly suitable for applying to rough, cracked and tight skin. In addition to zinc, the nourishing cream also contains various vitamins, urea, shea butter, aloe and other beneficial components. With this, you can do something good for your skin.

#### Zinkcreme:

- In addition to zinc, it also contains various vitamins, urea, shea butter, aloe and other beneficial components
